Dear Mary,

Thanks for your interest in adopting an elephant. Demand currently exceeds supply, so each request is being carefully evaluated. We will inform you of our decision in approximately six to eight weeks.

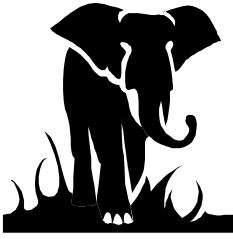

Please be aware, Mary, that caring for an elephant requires a significant time investment. Also, we've found that elephants usually don't adapt well in urban areas, and they dislike living in high-rise apartments. I think St. Louis would be wonderful city to raise an elephant.

Sincerely,

James R. Jones
